MUST HAVE 1914 MARKERS. Motorists Have Been Given a Week's Grace by Chief Richmond.

When questioned in regard to the when questioned in regard to the sent common to the law against automobile owners who continue to drive their cars displaying 1913 markers. Chief E. H. Richmond said that several owners had been cautioned, and crail owners had been cautioned, and by Rev. T. F. Bannon.

eral owners had been cautioned, and one had put his car up to await the markers, aithough he claimed he had sent for them a week ago.

On the first of the year, said the chief, he had taiked the matter over with Prosecuting Attorney Bugbee, and everyone seen running without 1914 numbers since that time had been warned. There were, however, so many who claimed to have sent for numwho claimed to have sent for num-bers, or gave some other excuse, that it was not deemed advisable to arrest everyone running under the old mark-

Over a week has now clapsed and Chief Richmond states that there is no reason why a driver should not have his 1914 markers, that he is clearly breaking the law in running with 1913 markers, and beginning today anyone running under the old numbers will be

Brilliant and Ornamental Lights. There has been installed in front of he office of the Willimantic Gas and Electric Light company a cluster of five large tungsten lights on an upright fron post, lilustrating the manner in which many cities have recently in-stalled a Great White Way, using long ines of such clusters on their principal

lines of such clusters on their principal business streets.

The cluster here used contains an aprignt light of 250 candle power and four inverted lights of 120 candle pow-er each, and will be lighted each even-ing until 11 o'clock. The group of lights is certainly an object lesson.

itsburgh Penfect for Poultry Yard and Garden

Set your posts solidly, especially the end, corner and brace posts; stretch your fence until the wires "sing" with tension, and then you have a fence affording that distinctive appearance and perfect service possible only with a "Pittsburgh Perfect" Fence properly erected. And it costs no more than an inferior fence!

Open Hearth wire, used exclusively in "Pittsburgh Perfect" Fence, possesses the toughness, strength and great durability of old time iron wire, and is galvanized thoroughly with pure zinc, which resists rust and corrosion for the longest time. Line and stay wires are

ELECTRICALLY WELDED

at every point of contact, which transforms the fence into practically one solid fabric of wire. Wires cannot be slipped, pulled, broken nor susted apart at the joints? Under any and all conditions "Pitte sure a Perfect" Fence withstands hard usage, time and the elements longer than any other.
